OUR SERVICES

Hardware Offerings

DHD's solutions-approach embodies being a value-added partner, from planning and scoping to supporting projects to their completion. Widgets can be bought anywhere these days, but supporting the sale truly sets us apart. From new, strategic, OEM partnerships through our refurbished products, DHD has meaningful ways to help you.

DHDCare (TPM)

DHDCare is our third-party maintenance option providing the opportunity to substantially impact infrastructure spending while maintaining the flexibility needed to maximize your budget. Our customers benefit from a 60-90% reduction in annual maintenance expenditures and still receive premium, certified TAC support and guaranteed replacement SLAs.

Professional & Value Added Services

DHD provides a full suite of value added services including project BOMs, staging, secure access for preconfiguring hardware, certified technicians for field services, post sales technical support and best practice assessments. DHD ships all over the world on a daily basis supporting customers on six continents. If your project requires door to door (DDP or DAP) across multiple countries, you've got a partner you can trust.
